## **COMPUTER SCIENCE**

## Requirements Required Courses

Code	Title	Hours
CSSE 120	Introduction to Software Development	4
CSSE 220	Object-Oriented Software Development	4
CSSE 230	Data Structures and Algorithm Analysis	4
Total Hours		12

16 additional credits of CSSE courses that are named requirements for the CS  ${\rm major}^1$ 

Notes and limitations on requirements:

- Use of CSSE490-493 requires approval by the minor advisor.
- Degree Separation Requirement: The minor in Computer Science must be separated from any other minor and the named required courses of any major by a minimum of 12 credit hours. Exceptions to this requirement must be approved by the minor advisor.

Advisor: CSSE Department Head

Students majoring in Software Engineering may not receive a Computer Science minor.
