

CHANGING CURRICULUM

A student wishing to change curriculum, i.e., move from one major to another, should notify the Registrar's office as soon as possible. Any additional information needed or steps to be taken will be discussed at that time. See the Course Substitution (<https://catalog.rose-hulman.edu/rules-procedures/course-substitution/>) section for a discussion of how courses in the old curriculum may be transferred to the new curriculum.

Contact Registrar's Office with exceptions or questions.
